[1](#)1. In response to REF A, MFA Team Leader for Latin American Affairs, Kit Clausen told POLOFF on January 28 that Denmark understands and supports the American efforts in Haiti, and emphasized Denmark's own role with relief efforts there. She underscored that Denmark was committed to the coordination of international efforts and stressed that aid needs direction as well as substance. After the initial surge of money sent to Haiti (REF B), Denmark will likely wait for the UN to establish a long term recovery plan at the upcoming Donor Conference in March before it contributes more state aid.
